ABOUT

Benton Economic Partnership, Inc.

Benton Economic Partnership, Inc. (BEP) is Benton County's lead economic development organization. Based in Foley, Minnesota, our 501(c)(3) nonprofit is dedicated to helping businesses and communities grow while strengthening the quality of life throughout Benton County.

Whether you're starting a business, expanding operations, relocating, or investing in our communities, BEP is your trusted economic development partner. We connect businesses with financing, technical expertise, workforce resources, community partnerships, and local decision-makers to help move projects from concept to completion.

Our work supports business retention and expansion, downtown redevelopment, workforce development, housing initiatives and marketing Benton County as a welcoming place to live, work, and do business. With the continued support of our member investors and community partners, we're building a stronger future for Benton County together.

What Benton Economic Parternship Does

- Supports business growth. BEP assists companies that are hiring, expanding, buying equipment, building, or considering a new location in Benton County.
- Connects financing. BEP administers the Benton County Revolving Loan Fund, the Housing Trust Fund, and helps identify other local, regional, and state funding programs.
- Helps employers. BEP connects businesses with workforce training, schools, colleges, apprenticeship programs, and other resources.
- Advances communities. BEP works on housing, infrastructure, broadband, downtown revitalization, and other barriers to growth.
- Hosting Quarterly Meetings. BEP holds quarterly membership meetings in January, April, July, and October each year to network and share relevant information with local businesses.

Membership in BEP is an investment in your business and your community.
